PORT DARWIN.

Provision of Buoys and Beacons.

THE Marine Board, Port Adelaide, have given notice (No. 2 of 1889) that the following buoys and beacons have been provided at Port Darwin:—

Two mooring buoys have been placed near the Palmerston Jetty. The one to the eastward is moored in 30 feet water at L. W. S., 590 feet from the outer end of the jetty, and 800 feet from the nearest part of the bank.

The one to the westward is moored on the edge of the mud flat in 2 feet water at L. W. S., and is 530 feet from the outer end of the jetty.

An iron beacon with a can-top has been placed on the outer edge of the mud flat extending from Middle Point. The hill on Middle Point bears from the beacon S. 22° E. Vessels should not approach the beacon within one and a half ($1\frac{1}{2}$) cables at L. W. S., or one-half ($\frac{1}{2}$) cable at H. W. S.

Two beacons have also been placed to mark the position of the sub-marine cable—one on the edge of Jervois road, immediately under the Government residence, and the other on the mud flat to the westward of Fort Hill. The beacons bear N. E. and S. W. from each other.

Masters of vessels are hereby cautioned not to anchor close inshore until the inner beacon is open to the eastward of the outer one.

From the outer beacon the cable trends to W. N. W.

PORT DARWIN.

Provision of Buoys and Beacons.

The Marine Board, Port Adelaide, have given notice (No. 2 of 1889) that the following buoys and beacons have been provided at Port Darwin:—

Two mooring buoys have been placed near the Palmerston Jetty. The one to the eastward is moored in 30 feet water at L. W. S., 590 feet from the outer end of the jetty, and 300 feet from the nearest part of the bank.

The one to the westward is moored on the edge of the mud flat in 2 feet water at L. W. S., and is 530 feet from the outer end of the jetty.

An iron beacon with a can-top has been placed on the outer edge of the mud flat extending from Middle Point. The hill on Middle Point bears from the beacon \blacksquare 22° E. Vessels should not approach the beacon within one and a half ($1\frac{1}{2}$) cables at L. W. S., or one-half ($\frac{1}{2}$) cable \blacksquare H. W. S.

Two beacons have also been placed to mark the position of the sub-marine cable—one on the edge of Jervois road, immediately under the Government residence, and the other on the mud flat to the westward of Fort Hill. The beacons bear N. E. and S. W. from each other.

Masters of vessels are hereby cautioned not to anchor close inshore until the inner beacon is open to the eastward of the outer one.

From the outer beacon the cable trends to W. N. W.

NOTIFICATION.

The 4th November, 1889.—Whereas the basis of compensation to be awarded for revenue-paying lands taken up under the provisions of Act X of 1870 is intended by the said Act to be the actual price for which the land, subject to all its burdens, and, among others, to the burden of the payment of land revenue, would sell in the market, it is necessary that the exact amount of the revenue demand should be ascertained and recorded before the award of compensation can be determined; and whereas, under the provisions of the existing law, the Revenue authorities, and none other, can regulate the amount of the revenue charge to be enforced against an estate, or a portion of an estate; and whereas some of the rules already promulgated under section 59 of the said Act proceed on assumptions which are at variance with the principle above enunciated, the following revised rules are issued by the Government

of Bengal, with the sanction of the Governor-General in Council, in supersession of those previously in force:—

I.—Whenever any revenue-paying land shall be acquired under the Act, the proprietor shall, except as provided in Rule VI, be relieved of liability to pay revenue to the extent of the Government demand upon the said land, and such relief shall have effect from the date on which the Collector may take possession of the land on account of Government.

II.—In such cases the Collector shall, before making a tender or a reference to a Court regarding compensation, ascertain in accordance with the following rule, and record the amount of Government revenue which is to be taken as payable in respect of the acquired portion, and shall, in the event of a reference being made to a Court, furnish the Court, at the time of making the reference, with particulars of the amount of the share so ascertained and recorded.

III.—If the land to be acquired be an entire estate or tenure assessed with a specific amount of revenue, the whole of such amount shall be remitted.

IV.—If the land be not liable for a specific amount of revenue, but be a portion of an estate or tenure which is liable for a specific amount, the proportion of Government revenue to be deemed payable in respect of the land taken shall be ascertained under the following rules:—

1st.—When an estate has, within twenty years next preceding the date of the commencement of proceedings for the acquisition of any land situate therein, been

* In the territories under the Lieutenant-Governor of Bengal, this Act has been superseded by Act VIII (B.C. I) of 1876.

subjected to a detailed settlement, or has formed portion of an estate brought under division under Regulation XIX of 1811,* made after inquiry into and record of the assets of the estate, the Government revenue to be deemed payable in respect of the said land shall bear to the assets of the said land the same proportion as the Government revenue of the whole estate bears to the assets of the whole estate, as shown in the settlement or division proceedings.

2nd.—When there may have been no such settlement or division as above said, then, if the area of the estate is known with accuracy, the amount of Government revenue to be deemed payable in respect of the portion of the land taken shall bear to the Government revenue of the whole estate the same proportion as the area of the said portion bears to the area of the whole estate.

3rd.—When the Government revenue deemed payable in respect of the land taken cannot be determined by either of the above rules, one-fourth of the net rent (i.e., the gross rental less a deduction of 10 per cent. for the expenses of collection) of the said land shall be taken to be the amount of Government revenue thereon chargeable.

V.—In determining the amount of compensation to be tendered, the Collector shall take into consideration the fact that the land acquired is subject to the burden of the payment of Government revenue.

VI.—In the event of the proprietor declining to accept an abatement of revenue, such circumstance shall not entitle him to any compensation over and above the amount tendered on the original basis of calculation. In cases, however, in which the area of the portion of land acquired does not exceed one-twentieth part of the area of the estate, it shall be competent to the Revenue authorities, if the proprietor of the estate so desire, to pay to the proprietor the computed value of the revenue deemed payable in respect of such portion, on the condition of his continuing to pay the revenue of the entire estate without abatement: provided that, in computing the value of the revenue so assigned, the basis of calculation shall not exceed the number of years' purchase, (if known), upon which the market-value of the proprietor's profits, i.e., the tender of compensation, has been determined. Thus, if the market-value of the said profits has been computed at 12 years' purchase, the capitalized value of the revenue deemed payable in respect of the portion of land acquired shall be calculated at not more than 12 years' purchase of the amount of revenue in question.

VII.—When there is any doubt whether the land to be acquired is part of a revenue-paying estate, or is revenue-free, the Collector shall, before making the reference to the Court, which, under the circumstances, he would be required to make by section 15 of the Act, determine the amount of revenue which would be deemed payable in respect of the land acquired, in the event of the land being adjudged by the Court to be a portion of the revenue-paying estate of which it is alleged to form a part.

VIII.—To enable the Collector to calculate accurately the additional compensation to be given under section 42 of the Act, and to enable him to keep up fully and clearly his registers of all lands occupied and the compensation paid for them, the Collector shall invariably record separately his finding under the first head of section 24 of the Act, which concerns the market-value of the land, and also the specific portion of the compensation which he may award for any houses, trees, or crops upon the land.

IX.—The procedure laid down for a reference under section 15 shall be held applicable to a reference under section 43.

X.—The procedure to be followed in the apportionment of the compensation awarded on account of lands taken up for temporary occupation shall be in accordance with the provisions of Part IV of the Act.

XI.—On the date on which payment of compensation in any case may become due under section 41 of the Act, the Collector shall tender the amount to such of the persons entitled to receive it as may be present at his office in person, or by agent duly authorised to receive the

same, informing them at the same time that, in the event of their refusal to accept the amount tendered, no claim to interest will be entertained. Should any such person be absent and have no authorized agent at the Collector's Court, the Collector shall serve a notice upon him, calling upon him to attend in person or by agent, within one week of his receipt of the notice, to receive the amount due to him, and warning him that on failure to appear within the period above named, no interest whatever will be paid to him.

The Collector shall satisfy himself of the due service of the notice, and should endeavour, from time to time, to secure the presence of the parties to receive payment so as to avoid, as far as possible, payment into the treasury on deposit.

In the event of the payees not presenting themselves for payment within a year from the date of the award the amounts due may be paid into the Treasury on revenue deposit and vouched for in the form prescribed by Rule 5 on page 30*a* of the Civil Account Code, Volume I, fourth edition. When the payees ultimately claim payment of sums placed on deposit, the amounts will be paid to them in the same manner as ordinary revenue deposits, under the authority of the Collector.

P. NOLAN,

Secy. to the Govt. of Bengal.

NOTIFICATION.

The 5th November 1889.—Under the powers conferred on him under section 101, ■ (b) of the Bengal Tenancy Act VIII of 1885, the Lieutenant-Governor is pleased to order that a survey shall be made and a record of rights prepared in respect of all lands included within the boundaries of mahal Mollarpore town No. 450, in the district of Beerbhoom.

PORT DARWIN.

Provision of Buoys and Beacons.

THE Marine Board, Port Adelaide, have given notice (No. 2 of 1889) that the following buoys and beacons have been provided at Port Darwin:—

Two mooring buoys have been placed near the Palmerston Jetty. The one to the eastward is moored in 30 feet water at L. W. S., 590 feet from the outer end of the jetty, and 300 feet from the nearest part of the bank.

The one to the westward is moored on the edge of the mud flat in 2 feet water at L. W. S., and is 530 feet from the outer end of the jetty.

An iron beacon with a can-top has been placed on the outer edge of the mud flat extending from Middle Point. The hill on Middle Point bears from the beacon S. 22° E. Vessels should not approach the beacon within one and a half (1½) cables at L. W. S., or one-half (½) cable at H. W. S.

Two beacons have also been placed to mark the position of the sub-marine cable—one on the edge of Jervois road, immediately under the Government residence, and the other on the mud flat to the westward of Fort Hill. The beacons bear N. E. and S. W. from each other.

Masters of vessels are hereby cautioned not to anchor close inshore until the inner beacon is open to the eastward of the outer one.

From the outer beacon the cable trends to W. N. W.

NOTICE TO MARINERS—(No. 107).

INDIA, WEST.

BOMBAY COAST.

A system of storm signals established.

THE British Admiralty have given notice (No. 358 of 1889) that on 15th September 1889, the following system of storm signals would be established at the undermentioned ports on the West coast of Hindustán:—

Ports to be warned.

1. Karáchi.	4. Bhaunagar.	7. Alabág.	10. Goa.
2. Porbander.	5. Daman.	8. Ratnagiri.	11. Murmagao.
3. Veráwal.	6. Bombay.	9. Vingoria.	12. Kárwár.

Storm Signals.

The objects of the system of storm signals are:—

1st—To warn shipping at the ports on the West coast of Hindustán, and more especially at Bombay and Karáchi, of the probable existence of cyclonic storms in the Arabian Sea, which they are likely to encounter if they leave for the Red Sea, &c.

2nd—To warn the Port Authorities and shipping of the probable or certain approach of a cyclonic storm to the port in question, in order that necessary precautions may be taken.

It should be distinctly understood that the storm signals will only be hoisted before and during cyclonic storms, and will not be used to indicate the prevalence of strong westerly winds, approaching in force to a gale, which occur occasionally during heavy bursts of the south-west monsoon, and are partly, if not entirely, dependent on conditions in the interior of India.

The day signals are made by means of two canvas shapes—a cone and a drum.

The night signals are red lights.

Signal No. 1.—Or warning signal, a black drum.

This signal signifies that a storm is in existence in the Arabian Sea, which may either approach the port, or which may shortly cross one or other of the usual tracks of vessels leaving the port.

There is no night signal corresponding to this day signal.

Signal No. 2.—A black cone apex down by day, and three red lights (triangularly placed) apex down at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the southward. The shift of wind will depend on the track of the storm (i.e., whether eastward or westward, &c.).

Signal No. 3.—A black cone apex up by day, and three red lights (triangularly placed) apex up at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the northward. The shift of wind will depend upon the track of the storm (i.e., whether eastward or westward).

Signal No. 4.—A black drum over a black cone (apex down) by day, and four red lights placed in the form of a square at night.

This signal signifies that a heavy cyclone is approaching the port, and that the centre will pass over or very near the port, and hence that the shift of wind is likely to be sudden, and the force of the wind very great.

H. J. S. COTTON,
Offg. Secy. to the Govt. of Bengal.

The term of a license for the sale of opium or of an intoxicating drug or of poppy-heads will ordinarily commence on the 1st April each year, and the licensee will be required to open his shop within fifteen days from the commencement of the term, failing which the license will be cancelled and the sum paid in advance forfeited, and the license-fee for the month will be levied from the licensee, the Collector being at liberty to issue a fresh license once. In cases of hardship, in which the delay may have arisen from causes beyond the licensee's control, the Collector may at his discretion extend the time within which the shop may be opened.

A license granted by the Collector under Rule 30, or a permit granted by him to a licensed druggist, may be cancelled by the Collector for any cause specified in the license or permit. When a license or permit is cancelled for any cause specified therein, the licensee shall not be entitled to the refund of any fee payable under the license or permit which he has paid in advance; and when the fee is payable monthly, he must pay the fee for the month in which the license is cancelled.

INDIA, WEST.

BOMBAY COAST.

A system of storm signals established.

The British Admiralty have given notice (No. 358 of 1889) that on 15th September 1889, the following system of storm signals would be established at the undermentioned ports on the West coast of Hindustán :—

Ports to be warned.

- | | | | |
|---------------|---------------|---------------|---------------|
| 1. Karachi. | 4. Bhavnagar. | 7. Alabág. | 10. Goa. |
| 2. Porbander. | 5. Daman. | 8. Ratnagiri. | 11. Mormugao. |
| 3. Veráwal. | 6. Bombay. | 9. Vingoria. | 12. Kárwár. |

Storm Signals.

The objects of the system of storm signals are :—

1st—To warn shipping at the ports on the West coast of Hindustán, and more especially at Bombay and Karachi, of the probable existence of cyclonic storms in the Arabian Sea, which they are likely to encounter if they leave for the Red Sea, &c.

2nd—To warn the Port Authorities and shipping of the probable or certain approach of a cyclonic storm to the port in question, in order that necessary precautions may be taken.

It should be distinctly understood that the storm signals will only be hoisted before and during cyclonic storms, and will not be used to indicate the prevalence of strong westerly winds, approaching in force to a gale, which occur occasionally during heavy bursts of the south-west monsoon, and are partly, if not entirely, dependent on conditions in the interior of India.

The day signals are made by means of two canvas shapes—a cone and a drum.

The night signals are red lights.

Signal No. 1.—Or warning signal, a black drum.

This signal signifies that a storm is in existence in the Arabian Sea, which may either approach the port, or which may shortly cross one or other of the usual tracks of vessels leaving the port.

There is no night signal corresponding to this day signal.

Signal No. 2.—A black cone apex down by day, and three red lights (triangularly placed) apex down at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the southward. The shift of wind will depend on the track of the storm (i.e., whether eastward or westward, &c.).

Signal No. 3.—A black cone apex up by day, and three red lights (triangularly placed) apex up at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the northward. The shift of wind will depend upon the track of the storm (i.e., whether eastward or westward).

Signal No. 4.—A black drum over a black cone (apex down) by day, and four red lights placed in the form of a square at night.

This signal signifies that a heavy cyclone is approaching the port, and that the centre will pass over or very near the port, and hence that the shift of wind is likely to be sudden, and the force of the wind very great.

REGULATIONS.

MATRICULATION.

Candidates for any Degree in this University must have passed the MATRICULATION EXAMINATION. No exemption from this rule is allowed on account of Degrees obtained or Examinations passed at any other University.

This Examination is accepted (a) by the College of Surgeons, (b) by the Incorporated Law Society, and (c) by the Pharmaceutical Society, in lieu of their Preliminary Examinations. It also exempts Candidates for admission to the Royal Military College from the Preliminary Test, except in Geometrical Drawing. And it is among those Examinations of which some one must be passed (1) by every Medical Student on commencing his professional studies; and (2) by every person entering under Articles of Clerkship to a Solicitor; any such person who may have Matriculated in the Honours or in the First Division being entitled to exemption from one year's service.

[This and all other Examinations of the University, together with the Prizes, Exhibitions, Scholarships, and Medals depending upon them, are open to Women upon exactly the same conditions as to Men.]

THERE shall be two Examinations for MATRICULATION in each year; one commencing on the Second Monday in January, and the other on the Second Monday in June.¹

Every Candidate for the MATRICULATION EXAMINATION must, *not less than five weeks*, before the commencement of the Examination, apply to the Registrar for a Form of Entry, which must be returned *not less than four weeks* before the commencement of the Examination, accompanied by a Certificate showing that the Candidate has completed his sixteenth year,² and by his Fee for the Examination.³

Every Candidate entering for the Matriculation Examination for the first time must pay a Fee of Two Pounds to the Registrar. If a Candidate withdraws his name, or fails to present himself at the Examination, or fails to pass it, the Fee shall not be returned to him, but he shall be allowed to enter for any subsequent MATRICULATION EXAMINATION upon payment, at every such entry, of an additional Fee of One Pound, provided that he comply with the Regulations in the preceding paragraph.⁴

The Examination shall be conducted by means of Printed Papers, but the Examiners shall not be precluded from putting, for the purpose of ascertaining the competence of the Candidates to pass, *read-rose* questions to any Candidate in the subjects in which they are appointed to examine.

¹ These Examinations may be held not only at the University of London, but also, under special arrangement (See Appendix I), in other parts of the United Kingdom, or in the Colonies.

² A Certificate from the Registrar-General in London or from the Superintendent Registrar of the District, or a certified copy of the Baptismal Register, is required in every case in which it can possibly be obtained. In other cases

a Declaration of the Candidate's age, made before a Magistrate by his parent or guardian, or by the Candidate himself if of full age, will be accepted.

³ See Instructions, Appendix III.

⁴ The Certificate of Age need not again be produced.

1. ARITHMETIC.

The ordinary Rules and Processes of Arithmetic, including—
Proportion.
Vulgar and Decimal Fractions.
Extraction of the Square Root.

2. ALGEBRA.

Addition, Subtraction, Multiplication, and Division of Algebraical Quantities.
Reduction and manipulation of Algebraical Fractions.
Arithmetical and Geometrical Progression.
Simple Equations and easy Quadratic Equations, with questions involving their use.

3. GEOMETRY.

The subjects of the First Four Books of Euclid, and simple deductions.

V.—MECHANICS.

[Candidates will be expected to show a general acquaintance with the Apparatus by which the elementary principles of Physics, as enumerated below, can be illustrated and applied.]

Elementary notions as to Velocity, Acceleration, Force, Mass, Momentum, Work, and Energy.
Composition and Resolution of Velocities, Accelerations, and Forces, in one plane.
Moments and Couples, in one plane.
Centre of Gravity, or Mass-centre.
Transmission of Pressure in Liquids; variation with depth of the pressure due to weight of liquids.
Specific Gravity, and modes of determining it. Pressure of gases, and laws relating thereto.
Atmospheric pressure.

VI.—OTHER SCIENCES.

One of the following subjects, at the option of the Candidate:—

1. CHEMISTRY.

The following elements, and their compounds as enumerated below; their chief physical and chemical characters; their preparation; and their characteristic tests:—
Oxygen, Hydrogen, Carbon, Nitrogen, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Silicon.
Combining Proportions by weight and by volume. General nature of Acids, Bases, and Salts.
Symbols and Nomenclature.
The Atmosphere—its constitution; effects of Animal and Vegetable life upon its composition.
Combustion. Structure and properties of Flame. Nature and composition of ordinary Fuel.
Water. Chemical peculiarities of Natural Waters, such as rain-water, river-water, spring-water, sea-water.

Any Candidate who may obtain a place in the Honours Division at the MATRICULATION EXAMINATION in January shall be admissible to the INTERMEDIATE EXAMINATION either in Arts or in Science in the following July.

APPENDIX

I.

PROVINCIAL EXAMINATIONS.

These Examinations are appointed by the Senate from time to time, upon the application of any City Institution, or College desiring to be named as a local centre for one or more Examinations; and are carried on simultaneously with the Examinations in London, under the supervision of Sub-Examiners also appointed by the Senate.

Candidates wishing to be examined at any Provincial centre must give notice upon their Entry-Forms to the Registrar of the University, who will make all necessary arrangements.

Besides the University Fee, a Fee usually varying from 1*l.* to 2*l.* is charged by the local authorities, and must be paid at the local centre immediately before the commencement of the Examination.

The answers of the Candidates at the Provincial Examinations are reviewed by the Examiners at the same time with the Answers of the Candidates examined in London; and a List of the Candidates who have passed at each Provincial Examination is published, at the time fixed by the Regulations, at the place where such Examination has been held.

¹ Certificates are generally ready for issue about a month after the publication of the Pass List; and will, in the absence of any request to the contrary, be posted to the addresses given by the Candidates on their Forms of Entry.

² By the term "Academic Year" is ordinarily meant the period intervening between any Examination and an Examination of a higher grade in the following year; which period may be either more or less than a Calendar year. Thus the interval between the Intermediate Examinations in Arts, Science, and Medicine, and the Degree Examinations of the next year in those Faculties respectively, is about fifteen months; whilst the interval between the B.A. Examination and the M.A. Examination of the next year, or between the B.Sc. Examination and the D.Sc. Examination of the next year, is less than eight months. Nevertheless, each of these intervals is counted as an "Academic Year."

INSTRUCTIONS TO CANDIDATES.

1. Applications for Forms of Entry must be made to the Registrar by letter only, and not less than *five weeks* before the first day of the Matriculation Examination.

2. Every Candidate's Form of Entry, duly filled up, must be returned to the Registrar not less than *four weeks* nor more than *six weeks* before the commencement of the Examination, and with it, in the same cover, must be sent (a) the Candidate's Certificate of Age (when required) and (b) his Fee for the Examination.

3. No name will be placed on the List of Candidates unless the Form of Entry, Certificate of Age, (but see 5 below), and Fee shall have been received at the University on or before the Fourth Monday before the commencement of the Examination, on which day the List will be closed.

4. As soon as possible after the closing of the List, each Candidate's Certificate and Fee will be acknowledged, his Certificate will be returned, and a Number, by which he is to be designated throughout the Examination, will be assigned to him.

5. Candidates who have previously entered for the Examination need not produce their Certificates of Age a second time.

6. The age of a Candidate with regard to entry is reckoned up to and inclusive of the first day of the several Examinations, that day being computed to fall as late as the Regulations will allow. The two dates, in the case of the Matriculation Examinations, are January 14th and June 14th. Only such persons

therefore as shall have completed their sixteenth year on or before one or the other of those dates will be admissible to the January or the June Examination, as the case may be.

[The full marks obtainable at the Matriculation Examination are 2,500. Of these, 1,500 qualify for Honours, and 1,300 for the First Division. There is no fixed minimum of marks for the Second Division. No further details as to the marking at this or other Examinations can be furnished.]

[The Classified Pass-List will be sent, as soon as printed, to every College or School from which any Candidate (whether successful or not) has immediately proceeded to the Examination; and to every successful Candidate who returns, duly addressed, the envelopes sent to him with the Entry Form. It will also be widely circulated amongst the leading Newspapers of the United Kingdom.]

[Unsuccessful Candidates will be informed of the Subjects in which they have failed, as soon as possible after the publication of the Pass-List.]

[The Examination-Papers of past Examinations are not published separately; but the Papers of the previous academical year are printed in the University Calendar of the current year, which is issued annually early in April, and is to be obtained (price 4s.) of Messrs. Eyre and Spottiswoode, East Harding Street, E.C.]

NOTIFICATION No. 178Marine.

The 19th November 1889.—In exercise of the powers conferred by section 8 of the Petroleum Act XII of 1886, and in supersession of the rules framed under section 7 of the Petroleum Act, 1881, and published under the notification of the 18th July 1882, and subsequent amendments in them, the Lieutenant-Governor of Bengal is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the importation of petroleum by sea into the Lower Provinces of Bengal.

PRELIMINARY.

1. (i) All words and expressions used in these rules, and defined in the Act, shall in these rules have the meanings respectively assigned to them by the Act.

(ii) In these rules—

“Certificated petroleum” means petroleum covered by a certificate granted at the port of shipment of such description as the Local Government may, from time to time, by written order prescribe, and to the effect that the petroleum is not dangerous petroleum:

“uncertificated petroleum” means petroleum which the master of the ship has not declared under rule 2 to be dangerous petroleum, and which is not covered by a certificate as aforesaid.

IMPORTATION AT CALCUTTA.

2. The master of every ship bound for Calcutta and carrying petroleum shall, before reaching Budge-Budge, declare in writing to the pilot,* if there is one on board—

- (a) what quantity of petroleum the ship is carrying,
- (b) whether any, and if so what, part of the petroleum is dangerous petroleum,
- (c) whether any, and if so what, part of the petroleum is certificated petroleum.

If there is no pilot on board, the master of such ship shall, before reaching Budge-Budge, despatch a similar declaration to the address of the Vice-Chairman of the Port Commissioners.

When the master declares that any petroleum is certificated petroleum, he shall produce to the pilot the certificate covering the same.

* The pilot should deliver this declaration to the Harbour Master or his Assistant, when the latter comes on board, the transmission to the Vice-Chairman of the Port Commissioners.

3. A ship having petroleum on board may proceed to any mooring in the port and there discharge the petroleum—

(a) if the petroleum has come from a port in British India as part of a general cargo, and has been certified not to be dangerous under section 9 of the Act, and does not exceed five thousand gallons in quantity, or

(b) if the petroleum is certificated petroleum not exceeding five thousand gallons in quantity and the master produces the certificate to the pilot, or

(c) if the petroleum is dangerous or uncertificated petroleum not exceeding forty gallons in quantity, or

(d) if the petroleum is petroleum which is ordinarily used for lubricating or jute-batching purposes, and which has a flashing-point above 150° of Fahrenheit's thermometer :

Provided that the Commissioner of Police shall be entitled at any time to obtain a sample of any petroleum referred to in clause (a), (b), or (d) for the purpose of having it tested.

4. Every other ship having petroleum on board shall not proceed upwards further than Budge-Budge, and such petroleum, whether landed at the petroleum wharf or otherwise discharged, shall be detained there pending the grant of an import license under section 5 of the Act, or the issue of a certificate under section 9 of the Act, or the issue by the Local Government of directions regarding it.

5. (1) When a ship is stopped at Budge-Budge under rule 4, the Superintendent of the Petroleum Wharf shall, as soon as possible, not exceeding forty-eight hours from the time of the petroleum being landed or discharged, into boats, obtain samples of all the petroleum landed or discharged, or intended to be landed or discharged. The master shall deliver to the Superintendent without charge such samples as he shall take.

(2) Every different quality of petroleum shall be separately sampled, and when petroleum is represented to be of uniform quality, a sample shall be taken from one case in every ten thousand cases.

(3) The Superintendent shall forthwith seal the receptacles containing the samples, and having labelled them with the name of the ship, the name of the consignee, and such other distinguishing marks as may be necessary, shall forward them to the Testing-officer appointed under section 9 of the Act for report.

6. The Testing-officer shall, as soon as practicable, and ordinarily within twenty-four hours after the receipt of the samples, sign a report certifying that they are, or are not, dangerous petroleum (as the case may be), and shall forward such report to the office of the Port Commissioners, sending also a copy of the same to the Commissioner of Police.

7. Unless with the written permission of the Port Commissioners, no petroleum shall be discharged or landed within the Port of Calcutta, except between daylight and dark, and at the wharves expressly set apart for the landing of petroleum.

8. No smoking, fire or light of any description shall be allowed in any shed reserved for the storage of petroleum at the Budge-Budge wharf, or used by the Port Commissioners for the temporary storage of petroleum brought into the port under rule 3, and no receptacle containing petroleum shall be opened, or the contents drawn off, within the embankments enclosing the sheds constructed for the storage of petroleum, except in such special place or places in the depot as may be set apart by the Port Commissioners for that purpose.

IMPORTATION AT OTHER PORTS.

9. The master of every ship carrying petroleum shall, on entering a port in the Lower Provinces of Bengal, other than the port of Calcutta, give information of the quantity and description of the petroleum to the District Magistrate, and shall not allow any dangerous petroleum to be removed from the ship for delivery to any one person, except,

(a) if the petroleum exceeds forty gallons in quantity, upon the production by the consignee or his agent of a license under section 6 of the Act for the importation of the same, or

(b) if the petroleum does not exceed forty gallons in quantity, upon the production by the consignee or his agent of a license under section 6 for the transport or possession of the same, or

(c) if the petroleum does not exceed 3 gallons in quantity, in accordance with the conditions of the proviso to section 6 of the Act as to the vessels in which petroleum of that quantity when kept or transported without a license must be contained.

GENERAL.

10. The fee for sampling and testing petroleum shall be five rupees for each sample tested.

11. When the results of the testing of samples raise a doubt as to the uniformity of the quality of the petroleum in any consignment stated to be of one uniform quality, the Testing-officer, if he thinks further tests necessary to satisfy him that none of the petroleum is dangerous petroleum, shall inform the Superintendent of the Petroleum Wharf, or, in places other than Calcutta, the District Magistrate.

The District Magistrate, or, in Calcutta, the Superintendent of the Petroleum Wharf, or any police-officer of, or above, the rank of head-constable appointed by him in writing for the purpose, shall thereupon cause the petroleum in question to be landed and stacked in lots of one thousand cases each, or to be discharged into boats each containing five hundred cases; and he shall select and deliver to the Testing-officer one sample from each lot. The result of the testing of each of these samples shall determine the quality of the lot which such sample represents.

If the petroleum has been already landed and stored, it shall be divided into lots, and samples of each lot shall be selected as already stated.

12. Nothing in the foregoing rules applies to petroleum other than dangerous petroleum comprised in a ship's stores, and manifested as such, provided it is not of unreasonably large amount. If any question arises as to whether any petroleum, manifested as ship's stores, is of an unreasonably large amount, the decision thereon of the Port Commissioners in Calcutta, and of the District Magistrate elsewhere, shall be final.

Offy. Joint-Secy. to the Govt. of Bengal, P. W. Dept.

NOTIFICATION No. 179 Marine.

The 19th November 1889.—In exercise of the powers conferred by section 11 of the Petroleum Act XII of 1886, the Lieutenant-Governor of Bengal is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the granting of licenses to possess and transport petroleum in the Lower Provinces of Bengal.

Preliminary.

1. The following rules shall extend, so far as they apply to dangerous petroleum, to all the territories administered by the Lieutenant-Governor, and so far as they apply to other petroleum, only to those local areas to which the rest of the Act has, for the time being, been extended by a notification of the Local Government under section 1, subsection (3), of the Act.

2. In these rules, including the forms annexed thereto,—

- (1) all words and expressions defined in the Act shall have the meanings respectively assigned to them in the Act;
- (2) "the town of Calcutta" means all places within the local limits of the original civil jurisdiction of the High Court of Judicature at Fort William in Bengal; and
- (3) "the municipality of Calcutta" means the municipal limits of Calcutta as defined in the Calcutta Municipal Consolidation Act, 1888.

Possession of Petroleum.

3. Licenses for the possession of petroleum within the town of Calcutta shall be granted only when (1) the quantity of petroleum to be kept in one place does not exceed 50,000 gallons, and (2) the place intended to be used for the keeping of the petroleum fulfils the following conditions, namely:—(a) if the quantity of petroleum to be kept in the place does not exceed 5,000 gallons, the building itself shall be constructed of masonry with a terraced or iron roof, and the doorways and other openings of the building shall be built up to a height of not less than two feet above the level of the road or street, or the floor shall be sunk at least two feet below the level of the road or street, so that the petroleum cannot flow out of the place in case of fire; (b) if the quantity of petroleum to be kept in the place exceeds 5,000 gallons, the building itself shall be constructed of masonry with a terraced or iron roof, and the doorways and other openings of the building shall be built up to a height of not less than three feet above the level of the road or street, or the floor shall be sunk at least three feet below the level of the road or street, so that the petroleum cannot flow out of the place in case of fire, and there shall be a clear open space of at least twenty feet round the building.

4. Licenses for the possession of petroleum outside the town of Calcutta shall, if the quantity of petroleum to be kept in the place does not exceed 50,000 gallons, be granted on the same terms as those granted in the town of Calcutta for the possession in one place of not more than 5,000 gallons. If a license for the possession in one place of a larger quantity than 50,000 gallons be required, the license shall be granted on the same conditions as those granted in the town of Calcutta for the possession in one place of petroleum exceeding in quantity 5,000 gallons: provided that, if the place in which the petroleum is to be kept is situated within one hundred yards of the river Hooghly or Tolly's Nullah, or the Circular Canal, the building shall further be surrounded by a wall or earthen embankment not less than four feet high with a trench close to, and completely surrounding, the building, of sufficient capacity to hold all the petroleum stored, and to prevent its escape beyond the limits of the trench in case of fire.

5. The District Magistrate, or in the town of Calcutta the Commissioner of Police, or any police-officer of or above the rank of head-constable appointed by him in writing for this purpose, may enter any place in respect of which a license for the possession of petroleum has been granted, for the purpose of inspecting the same at any time after sunrise and before sunset.

6. The District Magistrate, Commissioner of Police, or any police-officer as aforesaid, may require a sample to be delivered to him from any receptacle containing petroleum stored in any licensed premises. The procedure prescribed in sections 12 and 13 of the Act shall apply to any demand for samples made under this rule and to the testing of such samples.

7. The following fees shall be charged for licenses for the possession of petroleum under the Act in places situated within the municipalities of Calcutta and Howrah respectively :—

Licenses for the possession of dangerous petroleum—

	Rs.
When the quantity to be stored exceeds 40 gallons (section 5), for every 40 gallons or fraction of 40 gallons	5
When the quantity to be stored does not exceed 40 gallons (section 5)	3

Licenses for the possession of other petroleum—

	Rs.
When the quantity to be stored exceeds 500, but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	2 extra for each 1,000 gallons or part of 1,000 gallons, in excess of 1,000 gallons.
When the quantity to be stored exceeds 5,000 gallons	4 for every additional 1,000 gallons or part of 1,000 gallons, in excess of 5,000 gallons.

8. The fees for licenses for the possession of petroleum in places situated beyond the limits of the municipalities of Calcutta and Howrah shall be half those prescribed in rule 7.

9. Every license for the possession of petroleum in any place shall specify the maximum quantity of petroleum which may be stored in that place.

10. Licenses for the possession of petroleum shall be in force for one year from the date of the grant of the license: provided that the licensing officer may at any time, for good and sufficient reason, cancel a license.

11. The Port Commissioner's sheds at Budge-Budge, and any sheds used by the Port Commissioners for the temporary storage of petroleum brought into the port of Calcutta under rule 3 of the rules made by the Lieutenant-Governor of Bengal under section 8 of the Act, shall be deemed to be places in respect to which licenses for the possession of petroleum have been granted under these rules.

Transport of petroleum.

12. (1) Licenses for the transport of petroleum other than dangerous petroleum in quantities exceeding 500 gallons may be either general or special. Licenses for the transport of dangerous petroleum shall be special only.

(2) Licenses for the transport of petroleum shall only be granted if the petroleum to be transported is packed in air-tight tins or other vessels not easily broken, or is contained in bottles securely stopped and carefully packed so as to avoid risk of breakage.

13. General licenses for a period of twelve months shall be issued for transport by cart only. Such licenses shall authorise the holders to transport by cart any petroleum *bona fide* their own property without restriction as to destination or quantity.

14. The holder of a general license shall with each consignment of petroleum conveyed under cover of his license issue a pass in Form F appended to these rules, specifying the places from and to which the petroleum is to be conveyed, and the quantity of petroleum covered by it. Each pass shall be numbered, and the number of the general license shall be legibly marked on a conspicuous part of the last case on the cart.

15. Special licenses for the transport of petroleum shall be in force for such period not exceeding six months from the date of the grant of the license as may be specified in the license.

16. Every special license for the transport of petroleum shall specify the places from and to which respectively the petroleum is to be conveyed, the quantity of petroleum covered by the license and the time for which the license is in force.

17. Applications for special licenses for the transport of petroleum by rail, by cart, by boat or by steamer, or by two or more of these modes of conveyance, shall specify the description and quality of petroleum to be transported, and the places from and to which respectively the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained. In the case of applications for licenses for the transport of dangerous petroleum under section 5 of the Act, the application shall also contain the particulars required by sub-section (2) of that section.

18. When a license has been granted under these rules for the transport of petroleum, the District Magistrate, or, in the town of Calcutta, the Commissioner of Police, or any police-officer of or above the rank of head-constable, appointed by him in writing for this purpose, may, at any time after sunrise and before sunset, and on or before the arrival of the petroleum at its place of destination, board any steamer or boat, or detain any cart, used for such transport, for the purpose of inspecting the license and seeing whether its provisions are being complied with.

19. The following fees shall be charged for licenses for the transport of petroleum under the Act:—

	Rs.
Licenses for the transport of dangerous petroleum—	
When the quantity to be transported exceeds 40 gallons (section 5), for every 40 gallons or fraction of 40 gallons ...	4
When the quantity to be transported exceeds 3 gallons, but does not exceed 40 gallons (section 6) ...	2
Special license for the transport of other petroleum—	
When the quantity to be transported exceeds 500 but does not exceed 5,000 gallons ...	1
For every additional 5,000 gallons or a part of 5,000 gallons ...	1
General license for the transport of petroleum by cart for twelve months ...	100

General.

20. Licenses for the possession or transport of dangerous petroleum in quantities exceeding 40 gallons will be granted, subject to the provisions of section 5 of the Act, under the signature of an Under-Secretary to the Government of Bengal, on the recommendation of the Commissioner of Police if the application for the license is made in the town of Calcutta, or of the Commissioner of the Division if the application is made elsewhere.

Applications for such licenses should be made through the Commissioner of Police, Calcutta, or the Divisional Commissioner, as the case may be.

21. Licenses for the possession or transport of dangerous petroleum in quantities not exceeding 40 gallons, and licenses for the possession or transport of other petroleum, will be granted in the town of Calcutta by the Commissioner of Police or Deputy Commissioner of Police, at Budge-Budge by the Superintendent of the Petroleum Wharf, and elsewhere by the District Magistrate, or by such other officer as the Local Government may from time to time, by an order in writing, appoint in this behalf.

22. Subject to the restrictions contained in section 5 of the Act and rules 3 and 4 of these rules, the licensing officer may, in his discretion, grant a license for the possession or transport of such quantity of petroleum as he thinks fit.

23. The licensing officer may, for special reasons to be reported to Government, refuse a license in any case.

24. Licenses granted under these rules shall be in the forms and shall have endorsed on them the rules and conditions respectively prescribed for them in the schedule hereto annexed. Every such license shall, on the breach of any such condition, be liable to be forfeited.

25. Every application for the renewal of a license shall be made in the same manner as an application for an original license. Every such application shall be made at a date not less than fifteen days before the date on which the original license expires. The same fee shall be charged for the renewal of a license as for a new license.

A system of storm signals established.

THE British Admiralty have given notice (No. 858 of 1889) that on 15th September 1889, the following system of storm signals would be established at the undermentioned ports on the West coast of Hindustán:—

Ports to be warned.

1. Karáchi.	4. Bhaunagar.	7. Alsbág.	10. Goa.
2. Porbander.	5. Damaon.	8. Ratnagiri.	11. Murmagao.
3. Veráwal.	6. Bombay.	9. Vingoria.	12. Kárwár.

Storm Signals.

The objects of the system of storm signals are:—

- 1st—To warn shipping at the ports on the West coast of Hindustán, and more especially at Bombay and Karachi, of the probable existence of cyclonic storms in the Arabian Sea, which they are likely to encounter if they leave for the Red Sea, &c.
- 2nd—To warn the Port Authorities and shipping of the probable or certain approach of a cyclonic storm to the port in question, in order that necessary precautions may be taken.

It should be distinctly understood that the storm signals will only be hoisted before and during cyclonic storms, and will not be used to indicate the prevalence of strong westerly winds, approaching in force to a gale, which occur occasionally during heavy bursts of the south-west monsoon, and are partly, if not entirely, dependent on conditions in the interior of India.

The day signals are made by means of two canvas shapes—a cone and a drum.

The night signals are red lights.

Signal No. 1.—Or warning signal, a black drum.

This signal signifies that a storm is in existence in the Arabian Sea, which may either approach the port, or which may shortly cross one or other of the usual tracks of vessels leaving the port.

There is no night signal corresponding to this day signal.

Signal No. 2.—A black cone apex down by day, and three red lights (triangularly placed) apex down at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the southward. The shift of wind will depend on the track of the storm (i.e., whether eastward or westward, &c.).

Signal No. 3.—A black cone apex up by day, and three red lights (triangularly placed) apex up at night.

This signal signifies that a cyclonic storm is likely to affect the port, with strong winds at first from the northward. The shift of wind will depend upon the track of the storm (i.e., whether eastward or westward).

Signal No. 4.—A black drum over a black cone (apex down) by day, and four red lights placed in the form of a square at night.

This signal signifies that a heavy cyclone is approaching the port, and that the centre will pass over or very near the port, and hence that the shift of wind is likely to be sudden, and the force of the wind very great.

Port Officer of Calcutta.

Harbour light on Kamome sima.

The British Admiralty have given notice (No. 362 of 1889) that on 15th September 1889, a harbour light would be exhibited from a light-house erected on Kamome sima, Yawachi.

The light is a fixed white light, visible from the bearing of N. 12° W., through east, to S. 76° W. It is elevated 104 feet above the sea, and should be seen in clear weather from a distance of 6 miles.

The light-house, 18 feet high, constructed of wood, and square in shape, is painted white.

Position—Lat. 41° 52' 5" N., Long. 140° 6' 55" E.

After the column headed "From whom received" insert a column headed "On what account."

CRIMINAL.

Rule No. 3, dated the 17th October 1889.

(2.) In every case in which a sentence is reversed, the Appellate Court shall fill in the form of warrant of release on appeal prescribed by Rule 15 (a), Chapter II of these Rules and Orders, and shall send the same direct to the officer in charge of the Jail in which the appellant is confined. It shall at the same time recall and cancel the original warrant of commitment, and this warrant and the warrant of the Appellate Court directing release of the prisoner, when returned with an endorsement of execution, shall be attached to the record of the original Court and returned to it therewith.

In every case in which a sentence is modified on appeal, the Appellate Court shall prepare a fresh warrant (in the form prescribed in the following Rule) in accordance with the terms of the order passed, and shall send the same direct to the officer in charge of the Jail in which the appellant is confined, and shall recall and cancel the original warrant of commitment, which shall be attached to the record of the original Court and returned to it therewith. When the fresh warrant is returned with an endorsement of execution under section 400, Criminal Procedure Code, the Appellate Court shall forward it to the Court from the decision of which the appeal was preferred to be attached to the original record. Provided that, if an appellant has been released on bail pending the hearing of his appeal, the fresh warrant shall not be sent to the Officer in charge of the Jail until the prisoner has surrendered, and it shall be the duty of the Appellate Court, either directly or through the Court by which the order of release on bail was actually issued, to take measures to secure his surrender.

In every case in which a sentence is confirmed on appeal, the Jail authorities will receive information to this effect by means of the form prescribed in the next succeeding clause.

In the second paragraph of clause 2 of Rule 31, Chapter VI, at page 122, Rules and Orders, Criminal, cancel from "Provided" to "surrender."

After clause 3 of the same rule insert the following:—

Proviso 1. Provided that where an accused has been admitted to bail pending the hearing of his appeal, the original warrant of commitment shall, after being returned by the Jail authorities to the Court which issued it, be forwarded to the Appellate Court—

- (1) In every case in which a sentence is reversed on appeal, the Appellate Court shall return the original warrant with a copy of its order to the Court by which the accused was admitted to bail, with directions to discharge him.
- (2) In every case in which a sentence is modified on appeal, the Appellate Court shall prepare a fresh warrant (in the form prescribed in the following rule) and shall forward the same with the original warrant and with a copy of its order to the Court by which the accused was admitted to bail, with directions to take measures to secure his surrender and commitment to jail on the modified warrant.
- (3) In every case in which a sentence is confirmed on appeal, the Appellate Court shall return the original warrant with a copy of its order to the Court by which the accused was admitted to bail, with directions to take measures to secure his surrender, and recommitment to jail on the original warrant.

In each of the last above-mentioned cases it shall be the duty of the Court to which the accused surrenders to his bail to endorse on the warrant the dates of his release on bail and of his subsequent surrender.

(3.) Irrespective of the procedure prescribed above, the Appellate Court shall, for the information of the appellant, notify to the Officer in charge of the Jail in which such appellant is confined the result of his appeal. The notification shall be made in the form annexed to this Rule.

Judicial officers must understand that this notice is intended solely for the communication of the result of the appeal to the appellant, and in no way relieves them from the duty of issuing revised warrants when such are necessary.

Proviso 2. Provided also that, where an accused surrenders to his bail in the Appellate Court, such Court, in every case in which the sentence is reversed on appeal, shall discharge him: and in every case in which the sentence is modified or confirmed on appeal, such Court shall forward the accused in charge of a police officer, with the modified or the original warrant to the District Magistrate with directions to commit him to custody as in cases 2 and 3 of *Proviso 1.*

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; And in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first bona fide bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1888-89, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

K. N. GUPTA, *Offg. Secretary.*

NOTIFICATION.

The 30th November 1889.—In exercise of the powers conferred on him by section 14 of the Sea Customs Act VIII of 1878, the Lieutenant-Governor is pleased to declare the Customs port of Naraingunge to be a warehousing port for the purposes of that Act.

H. J. S. COTTON,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 30th November 1889.—The following rules, framed under section 130 of the Sea Customs Act VIII of 1878, to regulate the transshipment of goods at the Port of Chittagong, are published for general information.

H. J. S. COTTON,
Offg. Secy. to the Govt. of Bengal.

1. Applications for the transshipment of free goods are to be presented to the proper officer of Customs before 3 p.m., and such goods will be allowed transshipment under the pass issued without any charge.
 2. Applications for the transshipment of dutiable goods are to be presented to the proper officer of Customs before 3 p.m. on the day prior to that on which the transshipment is required, accompanied by the fees prescribed under section 133 of the Act.
 3. All applications under Rule 2 shall specify the name, tonnage and master's name of the vessel into which the goods are intended to be transhipped.
 4. Salt or other dutiable goods shall be conveyed by such vessels only as are approved by the Collector of Customs. Each salt vessel destined for Naraingunge or some other Customs port must carry a special pass in the annexed form under the signature of the Collector of Customs, covering the consignment of salt shipped by it.
 5. All salt or other dutiable goods transhipped to the ports above referred to can only be removed from Chittagong under a bond to be executed by the applicant for the due arrival and entry of the goods at the port of destination. The bond shall be in the form appended to these rules, for a sum equal to at least the duty chargeable on such goods.
 6. The salt when placed on board each vessel must be stamped all over and conveyed under sealed hatches. Both the seals on the hatches and the stamps on the salt should be stated in the pass referred to in Rule 4.
 7. When the discharge of salt from shipboard at Chittagong for conveyance under bond to Naraingunge is interrupted or not completed, such quantity as has been actually delivered at the time of interruption shall be covered by a Customs boat-note. The salt so delivered must also be completely stamped over, and the hatches and all access to the hold must be sealed by Customs seals, to be examined by the night Customs Inspector, who must record his report of each such inspection.
 8. The salt on arrival at Naraingunge or at any other Customs port shall be entered for home consumption under the provisions of Chapters IX and X, or for warehousing under Chapter XI of the Sea Customs Act, and the rules which may from time to time be framed under sections 9 and 105 of the Act for regulating the removal of salt warehoused at Chittagong to be rewarehoused at Naraingunge shall apply in so far as such rules can be made applicable.
 9. Both the seals on the hatches and the stamps on the salt, as reported on clearance by the Collector of Customs at Chittagong, shall be separately examined and reported on by the Salt Darogah or other officer deputed by the Collector of Customs, Naraingunge, to the Collector of Customs, Naraingunge, and if they be found in fact, the owner may, within 24 hours from the time of arrival of the cargo, pay the duty on the whole amount of salt less one per cent. for wastage in any vessel as shown in the pass, after which the Collector of Customs shall allow him to break bulk without further weighment.
- These rules shall come into force from 1st January 1890.

PUBLIC WORKS DEPARTMENT,—(MARINE.)

NOTIFICATION No. 169Mnc.

The 2nd December 1889.—Under section 18 of Act IV of 1884 (the Indian Explosives Act), the following draft of special rules, which the Lieutenant-Governor proposes to issue under section 5 of the Act, is published for general information. These rules will be taken into consideration on the expiry of a month from the date of their first publication in the *Calcutta Gazette*, and the Lieutenant-Governor will receive and give due attention to any objections or suggestions which may be made by any person within that period.

C. W. I. HARRISON, Lieut.-Col., R.E.,
Offg. Joint-Secy. to the Govt. of Bengal, P. W. Dept.

Draft of special rules under Section 5, Act IV of 1884, for the regulation of the transport and importation of explosives in the Port of Calcutta.

A. B.—“Explosive” as defined in section 4, Act IV of 1884, and as used in these rules—

- (a) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above-mentioned or not, used or manufactured with a view

- to produce a practical effect by explosion or a pyrotechnic effect; and
(b) includes fog-signals, fireworks, fuses, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15 lbs. common gunpowder, in addition to 12 rockets and 12 blue-lights. All explosives which vessels are by this rule permitted to keep on board shall be stored in a copper magazine out of risk of fire and explosion.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

3. All inward-bound vessels carrying explosives in excess of 15 lbs. of common gunpowder, in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port, which shall have on board any explosive, in contravention of these rules, shall be liable to the penalty provided in section 5 of Act IV of 1881.

3. Explosives of classes 1, 6, and 7, as laid down in the rules issued under Government of India Notification No. 1417, dated 24th June 1887, that is to say, gunpowder, ammunition and fireworks, in excess of the quantity prescribed in rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine, for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to ensure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine boat, but should passing vessels require the use of the boat to put out or take in ship's powder, such vessels shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing, or until the consignments are stored in the magazine.

6. Government breech-loading small-arm ammunition may, by the Agent for Government consignments, be loaded on, or unloaded from, any vessel in the Port of Calcutta, at her moorings at any time, and such ammunition may, by the Agent for Government Consignments, be loaded from, or loaded in, the Port William Arsenal van at any place most convenient, instead of at Port Point only. But such ammunition shall not be unloaded or stored at the Docks or Jetties without special sanction from the Port Commissioners.

7. Explosives specified in the first division, class C of the rules, published under Government of India's Notification No. 1417, dated 24th June 1887, viz., safety cartridges, safety fuzes for blasting, railway fog-signals, and percussion caps, brought as part of a general cargo, and which have been placed on board the vessels while lying in dock at ports of shipment, may be brought into port, and landed at the Docks or Jetties, in accordance with the regulations prescribed in that behalf in the Port Commissioners' Bye-laws.

8. In order to avoid unnecessary detention, masters of vessels requiring the use of the powder-boat shall hoist a flag at the foretopmast head on coming in sight of the magazine, as a signal to the keeper to have the boat and crew in attendance.

9. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ship's gunpowder previously to their being landed: if not marked, they shall not be received by the magazine boat.

10. Explosives shall not be landed or received into, or delivered from, the magazine when artificial lights are required to be used.

11. The magazine-keeper shall give to the master of any vessel landing explosives at the magazine, a receipt for the number of packages, and the magazine-keeper shall be accountable to such master for the re-delivery of such packages.

12. Before entering the limits of the port, the master of every vessel having explosives on board shall make and sign a declaration in writing,

that to his knowledge and belief there is not on board any explosive, exceeding the quantity prescribed in these rules.

13. A clerk shall be always in attendance in the powder-boat, and shall receive from the master the declaration specified in the foregoing rules.

14. If any vessel shall be prevented, by stress of weather or by being in distress, from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matteenbrooj Ghat, and the master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

15. Masters of vessels outward-bound, who may require ship's gunpowder for their outward voyage, shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15 lbs. of common gunpowder, in addition to 12 rockets and 12 blue-lights.

16. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward-bound, and on receipt of this information, orders shall be forwarded to the keeper to place the powder in the boat and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

17. Boats shall be permitted to take on board at the Moyapore magazine and bring, as far as Neemuck Mehal Ghat, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50 lbs. of trade gunpowder, the property of dealers and consignees.

18. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

19. No boat containing powder under the provisions of Rules 17 and 18 shall be allowed to proceed above Neemuck Mehal Ghat. All such powder shall be landed at Neemuck Mehal Ghat, and no powder shall be landed at any other ghat, except with the special permission of the Port Commissioners.

20. No smoking and no fire or light of any description shall be permitted on board of any boat having explosives on board.

21. No explosives shall be landed within the port at any time when artificial lights are required to be used.

22. Masters of vessels having on board explosives belonging to the following classes as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 1417, dated 24th June 1887, must make their own arrangements for the discharge of the explosives—

- CLASS 2.—Nitrate mixture.
- „ 3.—Nitro compound.
- „ 4.—Chlorate mixture.
- „ 5.—Fulminate.

23. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore magazine, and shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may from time to time be ordered by the Commissioner of Police and the Port Commissioners in addition to the restrictions laid down in the rules promulgated by the Government of India under notification No. 1417, dated 24th June 1887.

24. Boats containing explosives of the classes specified in the two foregoing rules shall in no case anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than
Rs. 1,200 per chest, Rs. 400 per chest.
On bids of Rs. 1,200 and upwards, but
less than Rs. 1,600 per chest, Rs. 800
per chest.
On bids of Rs. 1,600 and upwards, but
less than Rs. 2,000 per chest, Rs. 400
per chest.
And so on, Rs. 400 being added to the
deposit for every bid additional, to the
extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 p.m. of the fifth day following the day of sale, or 1-30 p.m. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 p.m. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 p.m.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—
No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1888-89, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

K. G. GUPTA, *Offg. Secretary.*

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1888-89, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties interested with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

K. G. GUPTA, *Offg. Secretary.*
